

*Of E.T.s/ABs,
Gods &
Resource Wars*

*Maybe we
Could talk
About this,
Okay?*

*About
E.T.s/ABs & gods
And holy wars
And resource wars
And crusades
And jihads....*

*I mean,
We already make
Movies
About e.t.s, right?*

*And we've made
Quite a few
Movies
About God, right?*

*And who knows
How many movies
About wars, right?*

*And most wars
End in talks
I mean, those
Wars that
Actually
Have anybody
Left over
To talk with.*

*So, let's
See if we can
Skip the wars
(& the movie)
And go straight
To the talks,
Okay?*

*Might be
Worthwhile...*

*Evidence
From legends &
History & religions &
Anthropology &
Archaeology &
Rock carvings &
Ancient clay figurines
Around the world
Indicate
Advanced Beings
From the skies
Have visited this
Earth, many
Many times &
Created or
Modified humans
Mixing their DNA
With human DNA
Teaching &
Giving technical help
And advice...*

*Even giving
Space rides in
Spacecraft
To some humans—*

*The Sumerian
Etana;
The Biblical Ezekiel,
Noah, Enoch, &
Possibly Moses;
The Egyptian
Thothmes 199*

*Humans even became
Cannon fodder in
Wars between gods
The first
'Resource wars'
As recounted in
Sumerian, Hindu
Egyptian & Jewish
Cultures*

*However, these
Advanced Beings
These AB's
Are like us
Still evolving & some
May have been a
little
Clumsy, sometimes
May even have made
Some mistakes...*

*Maybe it's time we
had
"A Truth &
Reconciliation
Commission,"
South African-style,
To talk about
All this... & to
Forgive...*

*But not to
Forget...*

*To see one another as
Family
All religions
AB's included
(Remember that
DNA connection)*

*And see the world's
Resources as*

*Common resources
For the whole
Family
To use wisely
For all....*

*Could we...
Could we
Talk about this,
A little bit?*

Mike Murphy
